Hi Jennifer,

Would you mind forwarding this email on to the EPA? Thanks so much.

I wanted to express my gratitude for the EPA's involvement in the testing and cleaning of MHS. It brings me comfort knowing someone is taking us and the entire situation seriously. I am grateful the EPA will oversee all testing so that we can trust that our school is safe and that our health, and the health of our students, is protected.

Sincerely,
Julie Jones, 6th Grade Humanities Teacher
